Yandex

Our company regularly sources merchandise and gifts for conferences. This time, however, we came up with a unique idea: we discovered these adorable plush cats at a Turkish bazaar and decided we wanted to create our own version as corporate gifts. And — to our delight! — the Swaggy team brought our vision to life. They handled everything, from the custom plush cats to the notebooks and additional merchandise. The quality was superb, and all deadlines were met. Fantastic service! We're thrilled with the results and look forward to continuing our partnership.

Swaggy is our top choice when we need products on tight deadlines while being confident in their high quality. We collaborated with them to create welcome packs for our offices in different parts of Europe, and they consistently exceeded our expectations. From simple badge lanyards to well-thought-out merchandise, they strive to offer the best available options. Working with Swaggy is always easy and pleasant, and most importantly, their dedication is evident. They are genuinely committed to providing top-tier service.

STAR CROWN

Our team has collaborated with Swaggy on several iGaming exhibitions, including events in Budapest and Barcelona. We've produced a wide variety of merchandise together—from branded condoms (which, by the way, are incredibly popular as giveaways) to branded balls for our booth decoration. We highly value their efficiency, quality, and professional approach. If something doesn't go according to plan, they always propose solutions and show excellent initiative to help. Needless to say, we will continue working with them in the future!
